

# Accessibility statement for the Learning Hub

This accessibility statement applies to the Learning Hub (<https://learninghub.nhs.uk>). This website is run by Health Education England (HEE).

The Learning Hub was released on 28 May 2020 to support the Coronavirus (COVID-19) response by enabling the health and care workforce to share and access resources during the pandemic. We want as many people as possible to be able to use this website. An internal accessibility check has been completed and we will undertake a full accessibility audit soon. We have also made the website text as simple as possible to understand. AbilityNet has advice on making your device easier to use if you have a disability.

## Feedback and contact information

The resources available on the Learning Hub are contributed by members of the health and care workforce. We encourage all users to contribute accessible content as set out in our Content Policy, however please note that third party content may not be available in an accessible format because it is not funded or developed by us and is not under our control. If you require further information, or if you need to access content on this website in a different format, for example accessible PDF, large print etc. please email [enquiries@learninghub.nhs.uk](mailto:enquiries@learninghub.nhs.uk). We will contact the contributor of the resource to ask if they can provide the content in a different format. We will normally respond to you within five working days.

## Reporting accessibility problems with this website

We are always looking to improve the accessibility of this website. If you find any problems not listed on this page or think we are not meeting accessibility requirements, please contact the Learning Hub [support team](#) or email: [enquiries@learninghub.nhs.uk](mailto:enquiries@learninghub.nhs.uk).
